

AMERICAN INTERSTATE BANK

Dear AIB Customer,

I am very pleased to report that, as of December 31, 2024, American Interstate Bank was found to be the #1 rated bank in the Midwest, and the #5 rated bank in the country, according to S & P Global Intelligence. This rating is for all banks with under \$10 billion in assets, which total 1,778 banks in 12 Midwestern states and 3,611 banks nationwide. There were no other Omaha/Metro area banks found in the Top 50 of either list (full report attached). These rankings are a testament to AIB's continued commitment to operating one of the top banks in the country for the sake of allowing our customers to be unaffected by the seemingly non-stop stories of financial stress in the banking system.

As a customer of AIB, you can be secure in the knowledge that your bank is financially sound, very well-capitalized, recognized nationally and continues to operate with the same conservative philosophy that has been in place for the 110 years of our existence!

We greatly appreciate your business and continued loyalty to AIB! We promise to continue providing the type of service to which you have become accustomed, as we strive to maintain our record of Exceeding Expectations since 1915.

Sincerely,

Daniel Palmquist
President & CEO

2024 Top Community Banks by Region
